### **New Millennium Iron Corp. announces Board of Directors' Appointments**

---

CALGARY, Alberta, Canada (Globe Newswire – December 3, 2019) – New Millennium Iron Corp. (“NML” or the “Company”) (TSX: NML) today announced the appointments of Mr. Sundara Ramam, Vice President Raw Materials, Tata Steel Ltd., Jamshedpur, India, and Mr. Rajiv Mukerji, Group Director Strategic Procurement, Tata Steel Group, Ijmuiden, The Netherlands, to the Corporation’s Board of Directors. Messrs. Ramam and Mukerji succeed Messrs. Sandip Biswas and Dibyendu Bose who were directors since October 2011 and December 2013 respectively.

Mario Caron, Chairman and Acting CEO of NML, commented, “We are pleased to welcome Mr. Ramam and Mr. Mukerji as members of our Board and are looking forward to their contributions and we thank Mr. Biswas and Mr. Bose for their contributions over the past several years and wish them the best with their ongoing responsibilities within the Tata Group.”

#### **About New Millennium**

NML is a Canadian iron ore exploration, evaluation and development company with an extensive property position called the Millennium Iron Range (“MIR”) in Canada’s principal iron ore district, the Labrador Trough, straddling the Province of Newfoundland and Labrador and the Province of Quebec, in the Menihek Region around Schefferville, Quebec. The Company’s project areas are connected via a well-established, heavy-haul rail network to the Port of Sept-Îles, Quebec.

Tata Steel Limited (“Tata Steel”), a global steel producer and industry leader, owns 26.2% of the common shares of the Company and is its largest shareholder.

NML has a 4.32% interest in Tata Steel Minerals Canada Ltd. (“TSMC”), which is owner and operator of a direct shipping ore (“DSO”) project near Schefferville. The DSO project produces and ships sinter fines. Subsidiaries of Tata Steel and the Quebec Government’s financing arm, Investissement Québec, own the remainder of TSMC.

Beyond TSMC, the Company offers further development potential through a group of long-life taconite properties capable of producing high quality pellets and pellet feed to service the requirements of steel makers with either blast furnace or direct reduced iron making operations.

In June 2016, the Company optimized its taconite development strategy through the design of a smaller market entry initiative called the NuTac Project.

#### **Forward-Looking Statements**

This news release contains certain forward looking statements and forward looking information (collectively referred to herein as “forward looking statements”) within the meaning of applicable Canadian securities laws. All statements other than statements of present or historical fact are forward looking statements. Forward looking information is often, but not always, identified by the use of words such as “could”, “should”, “can”, “anticipate”, “expect”, “believe”, “will”, “may”, “projected”, “sustain”, “continues”, “strategy”, “potential”, “projects”, “grow”, “take advantage”, “estimate”, “well positioned” or similar words suggesting future outcomes. In particular, this news release contains forward looking statements relating to future opportunities, business strategies, mineral exploration, development and production plans and competitive advantages. Although the Company believes that the expectations and assumptions on which the forward looking statements are based are reasonable, undue reliance should not be placed on the forward

looking statements because the Company cannot give any assurance that they will prove correct. Since forward looking statements address future events and conditions, they involve inherent assumptions, risks and uncertainties. Actual results could differ materially from those currently anticipated due to a number of assumptions, factors and risks.

Management has provided the above summary of risks and assumptions related to forward looking statements in this news release in order to provide readers with a more comprehensive perspective on the Company's future operations. The Company's actual results, performance or achievement could differ materially from those expressed in, or implied by, these forward looking statements and, accordingly, no assurance can be given that any of the events anticipated by the forward looking statements will transpire or occur, or if any of them do so, what benefits the Company will derive from them. The forward looking statements contained herein are expressly qualified in their entirety by this cautionary statement. The forward looking statements included in this news release are made as of the date of this news release and the Company does not undertake and is not obligated to publicly update such forward looking statements to reflect new information, subsequent events or otherwise unless so required by applicable securities laws.
